

620.5
v. 44, 1939

COAL AGE

With Which Is Consolidated
The "Colliery Engineer" and "Mines and Minerals"

INDEX TO VOLUME 44

January to December, 1939

NOTE—The articles and references in this index have been classified under leading subjects or topics, as far as practicable, and should be sought under such heads, which, together with all unclassified matter, are arranged alphabetically. Illustrated articles, or cuts standing by themselves are indicated by an asterisk (*). The subject matter of editorials will be found classified under the subject with which they deal and marked (e). Many titles of articles are abbreviated, the aim being to give prominence to important words.

A

Accidents

- Duvin mine blast kills 28, Aug. 72
- Monthly fatalities.....Jan. 86, Feb. 110, Mar. 84, Apr. 104, May 81, June 118, July 93, Aug. 80, Sept. 82, Oct. 93, Nov. 102, Dec. 162
- Princess mine cable break kills 16, Jan. 70
- Safety trends in coal mining in 1938, Feb. *72
- Air pollution survey started in Chicago, June 113

American Institute of Mining & Metallurgical Engineers

- Anthracite Section meets at Scranton, May 68
- Coal Committee officers nominated, July 90
- Officers elected, Dec. 159
- Report of meeting, Mar. 70

American Inst. of Mining & Metallurgical Engineers and American Society of Mechanical Engineers

- Coal Division and Fuels Division meet in Columbus, Nov. 74

American Mining Congress

- Coal Division assails St. Lawrence waterway, Jan. 84
- Coal Division committees attend conference, Jan. 57
- Election of officers, Mar. 79; June 51
- Miners' Exhibit held in Cincinnati wins twelve prizes, June 79
- Report of Cincinnati convention, June 16th annual exposition of mining equipment at Cincinnati, June *51-74

American Society for Testing Materials

- American Coordinating Committee to study corrosion, Apr. 95
- Atlantic City meeting, Aug. 59

American Society of Heating and Ventilating Engineers

- Anthracite equipment committee named, Apr. 97
- Coal problems discussed at meeting, Mar. 79

Anthracite

- Advances in technical development in 1938, Feb. 42
- Anthracite industry troubles, William LaFontaine, Apr. 105
- Anthracite shipped to the Persian Gulf, June 102
- Bootleggers and the law, Nov. 90
- Bootlegging discussed at A.I.M.E. meeting, Mar. 76
- Canadian shipments soar, Dec. 142
- Do electrical conductivity tests peg hard-coal burning qualities? C. C. Luce, Nov. 60
- Independent anthracite operators organize for stabilization, Sept. 78
- Lehigh University conference, June 100
- New anthracite preparation facilities in 1938, Feb. 42
- Open price pact broken by Glen Alden, Feb. 94
- Pennsylvania operators scrap open-price plan, Mar. 63
- Production, monthly Jan. 60, Feb. 88, Mar. 60, Apr. 87, May 65, June 85, Aug. 59, Sept. 63, Oct. 73, Nov. 73, Dec. 129
- Production of anthracite in 1938, Feb. *37
- Second Annual Anthracite Conference plans, Jan. 64
- UMW wins exclusive recognition, June *86

Anthracite Industries, Inc.

- Chimney tests to be made, Mar. 70

Anthracite Institute

- St. Lawrence plan would be ruin for anthracite industry, says director, Feb. 87

Anthracite Operators' Assn.

- Fair trade code sought, Dec. 129
- Wilkes-Barre meeting, Oct. 73

B

- Barge loading terminal of Carbon Fuel serves chemical company, J. H. Edwards, Sept. *36

- Barge-loading terminal on Illinois River handles Buckheart coal, May 39

Bituminous Coal

- Appalachian agreement wins UMW exclusive recognition, June *86
- Consumption by months.....Jan. 60, Feb. 88, Mar. 60, Apr. 87, May 65, June 85, Aug. 59, Sept. 63, Oct. 73, Nov. 73, Dec. 129
- Drive for efficiency on many fronts, Feb. *46
- How will buyers react to new coal price patterns? G. B. Gould, Apr. *49
- Mechanization marks up new gains in 1938, Feb. *50
- Production, monthly.....Jan. 60, Feb. 88, Mar. 60, Apr. 87, May 65, June 85, Aug. 59, Sept. 63, Oct. 73, Nov. 73, Dec. 129
- Production of bituminous coal in 1938, Feb. *37
- Stock depletion presages active bituminous demand, G. B. Gould, June 33
- Stocks by months.....Jan. 60, Feb. 88, Mar. 60, Apr. 87, May 65, June 85, Aug. 59, Sept. 63, Oct. 73, Nov. 73, Dec. 129

Bituminous Coal Division

- Continues work of setting minimum prices for bituminous coal, Aug. 72
- Grav to enforce coal act vigorously, Paul Wootton, Aug. 73
- Hearings on prices in the Richmond basin, Nov. 73, Dec. 129
- Price plan still opposed, Nov. 73
- Prolonged hearings delay minimum prices, Sept. 63

Bituminous Coal Research, Inc.

- Election of officers, Jan. 68
- Engineers urge research program to aid bituminous coal industry, May 66

Blasting

- Comparative yields: black blasting powder vs. other explosives discussed by mining and combustion engineers, Nov. 76
- Illinois Attorney General rules on shotfiring, Nov. 96
- Illinois Mining Inst. discusses blasting, Dec. 130
- Liberty Fuel increases safety by using Cardox shells for shooting, R. D. Hall, Jan. *43
- Norton Coal features black powder in steel shells to reduce screening, June 29
- Pellet powder made safer by new priming method, July 66
- Powder boxes made of concrete, Dec. *122
- Safe electric blasting attained by using simple rules, P. C. Ziemke, Nov. *56
- Safety precautions in using explosives, Aug. *58
- West Virginia favors use of black powder in non-gassy mines, Apr. 101

Briquets

- New process briquets easy to handle, Apr. 98

Bureau of Mines

- Permissible plates issued.....Jan. 80, Feb. 104, Mar. 68, Apr. 94, May 77, June 106, July 92, Aug. 68, Sept. 79, Oct. 80, Nov. 96, Dec. 156

C

Canadian Institute of Mining & Metallurgy

- Report of Calgary meeting, Oct. 74

Coal

- Blending of coal (e) June..... 28
- Fellowships in coal research offered, Apr. 98
- Graphic maps spotlight changing seam conditions, D. D. Jenkins, 2d, May... *45
- Major problems of the year selected by coal-mine presidents, Feb. *29
- National Resources Committee in energy study urges less waste in fuel output and use, Oct. 80
- Natural gas plan deferred in St. Louis areas, Jan. 60
- Seminole Dam protest, Jan. 70
- Should coal favor oil? W. W. Dartnell, Apr. 106
- Who burns coal? (e) Sept. 30

Coal Age

- W. M. Dake made managing editor, Feb. *90
- Historical summary, Jan. 57

Coal Mining Institute of America

- Election of officers, Jan. 68
- Report of Pittsburgh meeting, Jan. 64

Conveyors

- Atlas produces 350 tons daily with 2 conveyors, May *41
- Carbon fuel averages 10 tons per man shift aided by conveyor haulage, J. H. Edwards, Apr. *50
- Liberty Fuel speeds recovery and promotes safety by using conveyors, R. D. Hall, Jan. *43
- Lindbergh mine is developed with conveyors and washers, Mash & Edwards, Nov. *42
- Maintenance hints for rubber conveyor belts, Aug. 58
- Rita mine meets changing conditions with conveyors, J. H. Edwards, Jan. *27
- Rubber-tired supply wagons used with conveyors, Nov. *65
- Six headings abreast driven by conveyors at Dolomite mine, July *35
- Sullivan Trail Coal Co. successfully uses conveyors for mining, R. D. Hall, Oct. *37

Conveyors, See Also Mechanization

Cutting

- Converting shortwall machine from chain to rope feed, Nov. *66

D

Drainage

- Acidification of mine water discussed at Coal Mining Institute, Jan. 64
- Arc-welded man cages used in lining large borehole, May *62
- Arc-welding air-lift parts, July *62
- Arc-welding cuts cost of pump maintenance, Sept. 56
- Bacteria in stagnant pools, Apr. (e)... 44
- Calipers for pipe thickness, June *84
- Cost of pipe "go-devil" cut by arc-welding, Oct. *65
- Drilling horizontal holes aided by arc welding, Aug. *53
- Dry solution (e), July 32
- Fairmont field's pumping and drainage methods, Dec. *110
- Pipe strainer designed for better dewatering, May *59
- Wooden pipe line laying is aided by link and bar, Jan. *56

E

Economies

- Consumption increases when costs of production and sales are lowered, May (e) 28
- Delaware River hydro plant fought by coal men, Aug. 59
- Industry's first job is to know itself, May (e) 27
- Waste of resources assailed by President, Mar. 80

Electricity

- Adequate voltage essential in mine, says Southern Illinois Mining Group, Nov. 90
- Berwing-White electrical repair shop serves four large mines, Mar. *41
- Cable hook for safety, June *82

<p> Coal in 844-ft. borehole... *62 by copper, July... *117 Cable splices vulcanized, Dec... *68 Connectors kept off ground by cable splicing rack, Nov... *86 Copper-Oxide rectifiers used to protect pipe lines, Apr... *59-74 Exposition of mining equipment at Cincinnati, June... *93 Fairmont field electrifies for mechan- ical mining, Dec... *122 Fused trolley taps with non-pull-out connection, Dec... *66 Insulating materials discussed at Southern Illinois Mining Electric Group meeting, Sept... *120 Isolating switches included in feeder- breaker mountings, Dec... *66 Insulating varnishes and their selec- tion, Nov... *56 Jack of post and lever help in hang- ing wire, Mar... *55 Limit switch stops conveyor when crusher chokes, Sept... *75 Load-limiting system returned cost in first month at Koppers Coal Co., June... *80 Maintenance of trail cables facilitated by sled, June... *49 Mercury are rectifiers meet the d.c. re- quirement, Nov... *82 Motor cooled by fan, Feb... *80 One-man tester for bond testing, June... *56 Portable power bank mounted on sled at Hickory Grove mine, Aug... *65 Power-equipment use reflects mechan- ical-mining progress, Feb... *81 Power factor improved by rebuilding motor generator sets, Feb... *56 Safe electric blasting by using simple rules, P. C. Ziemke, Nov... *130 Sectionalizing discussed by Illinois Min- ing Inst., Dec... *126 Strain take-ups on fused trolley taps, Dec... *54 Substation construction at Powellton Mine No. 3, Aug... *41 Summit mine reduces borehole costs by waterfloat method, H. J. Thomas, Sept... *56 Tracks bonded with arc-weld bond with nuts for terminals, Mar... *35 Ventilation studied to make power sav- ings, F. F. MacWilliams, Sept... *45 </p> <p> Exports Will European conflict create major coal-export boom? Nov... *45 </p> <p> F </p> <p> Freight Rates Alabama rate cuts approved, May... *81 Alabama rates extended, Feb... *96 Anthractite rates in Pennsylvania extended, Feb... *96 Coal tightens lines in the middle of fuels, Feb... *37 Freight rates of bituminous coal and hollow tile compared, V. S. Latimer, Mar... *78 I.C.C. allows anthracite rate increase on intrastate traffic, Jan... *25 I.C.C. continues coal rates which will bring losses (e) Jan... *57 I.C.C. extends bituminous coal sur- charges, Jan... *35 No bills at all mines (e) Oct... *63 Pennsylvania fights rise in anthracite rates, Mar... *104 Virginia rate boost denied, Feb... </p> <p> G </p> <p> Geology Fairmont coal field's geology, Price & Nolting, Dec... *48 </p> <p> H </p> <p> Harlan labor indictments are dismissed, Nov... *73 Hydraulic-brake control of hoist brakes, throttles and track switches, Sept... *58 </p> <p> I </p> <p> Illinois Mining Institute Election of officers, Dec... *130 Report of meeting at St. Louis, July... *84 Springfield, Ill. meeting, Dec... *130 </p> <p> Indiana Coal Mining Institute Election of officers, Jan... *76 Report of Evansville meeting, July... *70 Report of meeting, Jan... *74 </p> <p> L </p> <p> Labor Appalachian agreement (e) June... *28 Appalachian conference on wages, Apr... *90 Appalachian wage conference dead- locked on closed shop and penalty clause, May... *74 Appalachian wage negotiations draw near, (e) Jan... *90 Bombers ask for wage war, (e) Jan... *90 Crowe Coal ordered to desist from en- couraging U.M.W. membership, Jan... *84 Decreasing unemployment by shorter hours and higher wages, (e) Apr... *84 Federal mine safety conference, Jan... *84 Foreman's constant study needed to im- prove ventilation, Nov... *52 </p>	<p> Foreman's qualifications discussed at Illinois Mining Institute, July... *84 "Ghost" coal village in Ohio, Feb... *94 Harlan County Coal Operators per- mitted to contract individually, July... *91 Harlan labor indictments are dis- missed, Nov... *73 Illinois locals seek joint parley with Progressives, Feb... *94 Independent Union dissolves, Nov... *92 Iowa inspectors charged with bias, Mar... *76 Job security high in bituminous indus- try for men over 50, Mar... *27 Kentucky labor disputes settled by Na- tional Board, Apr... *104 Lockout decision by Ohio Bureau of Un- employment Compensation (e) Oct... *35 Mining economies as viewed by a hard- coal mine foreman, K. A. Charles- worth, July... *39 National Labor Relations Board amends rules, Aug... *60 National Labor Relations Board to be investigated by five-man board, Sept... *76 Old-age employment in mines (e) Feb... *28 Old-age limits do not occur in the an- thractite industry, Jan... *36 Packer colliery to be opened with miners' money, July... *75 Pennsylvania anthracite mines agree on three-day week, Apr... *94 Progressive in Illinois receives reduced penalty for bombing, Feb... *94 Progressive Miners convicted of bomb- ing to high court, Apr... *101 Progressive Mine Workers complain against Wyatt Coal, Jan... *80 Progressive miners resentenced in bomb- ing conspiracy, June... *96 Progressive Miners to cancel pact to settle dispute with U.M.W., Dec... *130 Scrip and wage-hour laws discussed by store men, Jan... *75 Shortage of trained men (e) Oct... *34 Unemployment compensation discussed by Illinois Mining Inst., Dec... *130 U.M.W. wins exclusive recognition in soft and hard coal field, June... *86 United Mine Workers' Pennsylvania Dis- trict denies 6-day week request, Nov... *90 Wage negotiations will soon be under way (e) Mar... *26 Wage scale to be decided by committee appointed by United Mine Workers, Mar... *60 West Kentucky Coal's employee group ordered disbanded, Jan... *84 Lambur, Charles H. Jr., joins Coal Age staff, Aug... *76 </p> <p> Law and Legislation Eight bills for the anthracite industry in Pennsylvania legislature, May... *66 Federal inspection bill rouses opposi- tion, July... *70 Federal inspection of mines proposed in Congress, June... *85 Government inspection bill not passed, Sept... *66 Iowa fuel law favors operators, Apr... *96 Risk of bad laws (e) July... *32 Lighting in mines, C. E. Egeler, Feb... *69 </p> <p> Loading Machines. See Mechanization </p> <p> M </p> <p> Maintenance Bending bumper irons, Walter Baum, Jan... *52 Berwind-White electrical repair shop serves four large mines, Mar... *41 Bushings removed with bolt and pipe, Mar... *54 Cashing in on maintenance highlighted at American Mining Congress, June... *58 Cleaning small parts easily done in sev- eral ways, Feb... *82 Drilling shouldered castings, May... *60 Expand shaft to fit hole with tapered pin, Mar... *58 Exposition of mining equipment at Cin- cinnati... *59-74 Fairmont field's maintenance and sup- ply methods, Dec... *80 Fireproof oil house, Jamison No. 8, Dec... *120 Handling machine bits in sharpening room, Jan... *54 Hoist maintenance discussed at Illinois Mining Institute, July... *84 Holding small parts for free-hand grind- ing, Jan... *55 Illinois Mining Inst. discusses main- tenance, Dec... *130 Insulating varnishes and their selec- tion, Nov... *66 Insulation resistance checked to pre- vent failures, Dec... *117 Jack of post and lever help in hanging wire, Mar... *56 Loading-machine improvements facili- tate operation, Dec... *124 Mechanical-loading maintenance cost analyzed, C. A. Nolph, Nov... *39 Mine tool boxes from old tippie chutes, Dec... *124 Non-explosive solution used in remov- ing grease, Mar... *54 Pick hole for iron picks, Mar... *58 Pipe for oiling bottom hub on vertical shafts, Nov... *72 Pipe-wall calipers, June... *84 Refinishing scored shafting by hand method, Apr... *86 </p>	<p> Rubber conveyor belt maintenance hints, Aug... *12 Shimming hydraulic pumps cuts cost, Dec... *12 Shop crane and floor anchors straighten a car, June... *8 Spare hoist rope cuts replacement time, Feb... *8 Straightening shafts and rods by ham- mering, Aug... *5 Tank car handles oil at Emily, Dec... *12 Tool facilitates joining chains, Feb... *8 Tool for long reach pick-up, Apr... *8 Trolley-fed nip used in Rosedale shop, Dec... *12 Winch, portable and gas-powered, used in tippie rebuilding, Sept... *6 Wireman's tool car fitted with motor, Feb... *8 </p> <p> Mechanization Anthracite mines make modest technical gains in 1938, Feb... *60 Appalachian mechanization commission (e) Apr... *4 Atlas produces 350 tons daily with 2 conveyors, May... *4 Bituminous mechanization marks up new gains in 1938, Feb... *5 Board shows men on each loading unit, Dec... *12 Brown mine averages high output with mobile loaders in thin coal, Apr... *6 Carbon Fuel averages 10 tons per man shift aided by conveyor haulage, J. H. Edwards, Apr... *5 Chutes, conveyors and cars move coal at Brilliant mine, I. A. Given, July... *5 Equipment purchases bring Ohio truck mine to the front, July... *5 Exposition of mining equipment at Cincinnati, June... *59-74 Fairmont coal field's mechanization, Dec... *5 Farm mechanization, Oct... *3 15th Bituminous District of Pennsyl- vania discusses, Dec... *14 Liberty Fuel speeds recovery and pro- motes safety by using conveyors, R. D. Hall, Jan... *4 Loading machine sales fall less than output in 1938, Plein, Gallagher, Van Sclen & Tryon, Feb... *5 Loading and mechanization discussed at American Mining Congress, June... *5 Mechanical loading, (e) Feb... *2 Mechanical loading, maintenance cost analyzed by Union Pacific, C. A. Nolph, Nov... *39 Power equipment use reflects mechan- ical mining progress, Feb... *6 Rita mine meets changing conditions with conveyors, J. H. Edwards, Jan... *27 Sahara Coal mine slope driven with loader-conveyor set up, C. H. Lambur Jr., Sept... *31 Sullivan Trail Coal Co. mines thick and thin beds with conveyors, R. D. Hall, Oct... *37 U. S. Fuel changes to 10% mechan- ical loadings, I. A. Given, May... *29 Wick mine turns out 50 tons per man on the loading crew, (e) Aug... *28 </p> <p> Mechanization, See Also Conveyors </p> <p> Merchandising Airplane used by Eastern Coal repre- sentative, May... *72 Alabama boosts coal with window cut- outs, Jan... *70 Anthractite marketing plan offered by independents, Oct... *73 British Coal Utilization Council makes a report (e), Sept... *30 Cincinnati food jobbers boosts coal, Jan... *57 Coal, gas, oil and water compared as fuels by mining and combustion engi- neers, Nov... *80 Gas burns in Chicago, Feb... *109 How will buyers react to new coal-price patterns set up by Bituminous Com- mission? G. B. Gould, Apr... *49 National Resources Committee in energy study urges less waste in fuel output and use, Oct... *80 Ohio truck mine sells coal on cash-and- carry plan, July... *57 Sizes of coal discussed at Indiana Coal Inst., Jan... *76 Where Fairmont markets its coals, Dec... *114 </p> <p> Mine Inspectors</p>
---	--	--

Conveyors drive six headings abreast at Dolomite mine, July	*35
Conveyor mining at new Lindbergh mine, Mash & Edwards, Nov.	*42
Fairmont coal field's mining methods, Dec.	*51
Graphic maps spotlight changing seam conditions. D. D. Jenkins 2d, May	45
Kopperston mine planned for two seam development. Follansbee & Harper, Apr.	*71
Leggitts Creek Mine rock bed is extracted from under Scranton, May.	68
McLaren Coal combines strip and deep mining, Mar.	*32
Magnolia mine is completely electrified except for loading. J. H. Edwards, May	*52
Norton Coal averages 219 car changes per shift and uses powder in shells in loading, June	*29
Nova Scotia undersea coal made more accessible. R. D. Hall Oct.	*46
Pillar extraction improved at Mulga by changed layout. J. H. Edwards, Aug.	*42
Rita mine does all development and recovery mining with conveyors. J. H. Edwards, Jan.	*27
Roof control problems. P. B. Bucky pt. 2, Jan.	*38
pt. 3, Apr.	*58
Rooms-on-short-centers plan, Apr.	*81
Sahara Coal mine slope driven with loader-conveyor set up. C. H. Lam-bur Jr., Sept.	*31
Shortwall method of backfilling at Buck Ridge Colliery, May.	70
Snow Hill employs underground storage bin in opening new Fayette mine. Aug.	*44
Steel frames installed at portals, Dec.	*126
Successful mining methods discussed at American Mining Congress, June.	56
Sullivan Trail Coal Co. mines thick and thin beds with conveyors. R. D. Hall, Oct.	*37
Sunshine Anthracite thin-vein mine uses conveyors. I. A. Given, Mar.	*35
Thin coal mining with tractors discussed at A.I.M.E. meeting, Mar.	74
Wider headings a major factor for Central Elkhorn, Aug.	53
Mining Society of Nova Scotia	
Election of officers, Aug.	64
Report of Pictou meeting, Aug.	*60

N

National Bituminous Coal Commission	
Bituminous coal industry report, Feb.	88
Cost reports, (c) Feb.	27
Cost studies show accuracy. Paul Wootton, Jan.	82
Final cost hearing deferred, Apr.	88
Guffey-Vinson Act revision sought by 35 operators, Mar.	63
Guffey-Vinson Act upheld in court actions, Mar.	64
Hearing on exemption rule before Coal Division, Oct.	76
Marketing rules and regulations ready for the finals, Jan.	78
Minimum price goal nears, May.	65
Minimum prices now imminent, June.	106
Minimum prices submitted for final hearing, July.	82
Montana counties which are declared bituminous, Feb.	88
Natural gas petition to be opposed, Feb.	100
Order issued for area 1 to begin co-ordination proceedings, Feb.	88
President's reorganization plan would abolish Coal Commission. Paul Wootton, June	96
Price-fixing power may be revoked by new bill, Apr.	88
Tetlow reelected chairman, Feb.	*88
National Bituminous Coal Commission, See Also Bituminous Coal Division, Regulation	
National Coal Association	
Election of officers, Nov.	*46
Fills a real need in the coal mining industry, (c) Nov.	38
Report of New York City meeting, Nov.	*46
National Safety Council	
Election of officers, Nov.	86
Report of Atlantic City meeting, Nov.	82
Natural Gas	
Coal interests combat pipe-line plan, Mar.	81
Kansas Pipe Line & Gas Co. to hold gas line hearing, Apr.	89
Natural Gas Act amendment introduced, Apr.	101
Northern Natural Gas does not need certificate to construct line, Nov.	97
Sioux City-Minneapolis gas line being constructed, Oct.	73
New Equipment	
Alloy, hard-carbide, July	94
Bearing seal, Mar.	*85
Belt idler, Oct.	*96
Bin-level controller, Jan.	*87
Bit for coal auger, Mar.	*86
Blasting agent, July.	94
Blasting caps, Nov.	106
Blueprint machine, May	84

Boom, aluminum, Jan.	88
Bulldozer and bullgraders, Sept.	*85
Button-head fitting, Apr.	107
Cable control, July.	95
Cap tester, Apr.	107
Car spotters, Sept.	*85
Clamp, ground, Nov.	*103
Clutch-brake, Apr.	107
Compressor, Mar. 86, Sept.	*86
Compressor, air, July.	*96
Conveyor, Mar.	88
Conveyor belt, Apr.	106
Conveyor idler, Mar.	*88
Crusher, Nov.	*103
"Cubimeter," Aug.	*83
Cutter, tubing, Mar.	86
Diesel engine, Mar.	85
Drill, hand, Mar.	*88
Drill, sidewall, Jan.	*87
Drill, utility, May.	84
Dust collection, Jan.	88
Dust-particle counter, Nov.	*104
Electricity	
Arrester, Oct.	*95
Battery charger, Sept.	*85
Circuit breaker, Oct.	*96
Controller, cable, Nov.	104
Controller, low-type, Sept.	85
Crossover, adjustable insulated trolley, Oct.	*95
Current collector, Apr.	*107
Diesel electric set, Nov.	*104
Fused trolley tap, May.	*83
Insulated clevis assemblies, May.	*84
Junction box, Apr.	*107
Limit switch, July.	*94
Linestarter, July.	95
Motor, explosion-tested, Mar.	*88
Motor, induction, Oct.	96
Motor, vertical, Aug.	83
Potential indicator, May.	*83
Power control unit, Oct.	*95
Pushbutton unit, Oct.	*96
Rail bond, Oct.	*96
Relay, May.	*83
Rheostats, July.	94
Sectionalizer, Mar.	*86
Single-phase starter, Mar.	86
Starter, small, Oct.	*96
Switch, quick-break, May.	*83
Switches, July.	*96
Explosimeter, Nov.	106
Exposition of mining equipment at Cincinnati, June	*59-74
Eyeshield, Mar. *86, Apr.	*108
Fire-fighting aids, Jan.	*88
Flame descaler, Nov.	*106
Gage, indicating, July.	*95
Gas mask, Nov.	*106
Goggles, Apr.	107
Grader, motor, Nov.	*104
Grinder, jackbit, July.	*96
Grinder, tool post, Oct.	*95
Hammer, electric portable, May.	84
Headlight, Mar.	*88
Hoist, electric, Mar.	88
Hoist, portable, Aug.	84
Hole saws, Sept.	*85
Hose, burstproof steam, July.	94
Hydraulic control, Aug.	*83
Idler, ball-bearing, Nov.	103
Idler belt, Sept.	86
Idler, return, Aug.	83
Insulation, rubber, Mar.	88
Insulation tester, Mar.	88
Interlocking junction, Nov.	*103
Inter-office phone, July.	94
Jack, roof, May.	*83
Jacks, Apr.	*108
Joint, revolving, Oct.	*95
Lamp, fluorescent lamp, Jan. *88, July.	96
Lamp for cap, Nov.	104
Limit switch, Mar.	86
Locomotive, Ford-powered, May.	*84
Lubrication fitting, Sept.	*86
Lubricator, wheel-bearing, Oct.	96
Meter, fuel, Mar.	88
Motodrive, Mar.	*86
Motor mounting, Mar.	*88
Multiple tool, Sept.	*86
Photo-electric counting equipment, Sept.	86
Pick breaker, rotary, May.	*83
Pillow block, Mar. *85, July.	*95
Pipe and bolt machine, portable, Aug.	*84
Power shovel, Sept.	*85
Power unit, gasoline, May.	*84
Priming equipment for centrifugal pumps, Sept.	*85
Pulley, idler, May.	*84
Pulverizer, small, Sept.	*86
Pump control, July.	95
Pumps, wells, Nov.	*106
Regulator, Mar.	88
Reraller, Apr.	*108
Respirator, Aug.	*84
Respirator, artificial, Nov.	*104
Rock-dust distributor, Nov.	*104
Rust inhibitor, Sept.	86
Safety equipment, Mar.	*85
Scraper, Oct.	*95
Screen, blindproof, Apr.	*108
Screen, vibrating, July.	94
Sheave, adjustable, Jan.	*88
Smoke control by electric eye, Aug.	*84
Socket fitting, Nov.	*106
Speed control, Sept.	86
Stock bin, Aug.	*83
Stopper, Jan.	*87
Track skids, Apr.	*107
Tractor shovel, Apr.	*108
Transmissions with handwheel control, Aug.	84
Treads, safety, May.	83
Trolley guard, Jan.	*88
Trolley-guard hangar, Nov.	*104
Trolley guard of rubber, Oct.	*96
Trolley tap, Nov.	*103
Trolley wire guard of rubber, Oct.	*95
Truck, industrial, Aug.	*83
Trucks, Mack, Mar.	*85

Turbine, steam, July.	94
Valves, stainless steel, Mar.	85
Voice-powered phone, July.	96
Welders and electrode, Jan.	*88
Welder and electrodes, Aug.	*84
Welding blowpipe, Nov.	*104
Welding control, May.	*84
Welding fitting, Nov.	*103
Welding helmet, July.	95
Welding hose, Apr. 107, July.	95
White prints, Apr.	108

Notes from Across the Sea

Canada	
Dust studies reported, Aug.	50
France	
Methane gas and explosions, Aug.	51
Germany	
Engines to burn coal dust to be manufactured, Apr.	78
Infra-red and ultra-violet lamps used in washhouses, July.	58
Limestone dust to prevent explosions, Aug.	50
Tromp washer employs suspension of ground magnetite in water, Apr.	*78
Great Britain	
Activated carbon from graded lump durains, July.	58
Cars equipped with spring draft gear, Sept.	52
Coal is transported both ways on both bands of a single belt, Mar.	50
Distribution of support in long wall, Oct.	62
Dust studies being made, Aug.	50
Dustproofing coal begun, Apr.	78
Efforts to reduce noise for safety's sake, Sept.	52
Eliminating "combustible sulphur," Sept.	52
Explosion prevention, May.	56
Gummer on undercutter, July.	*58
Rays from a coal fire very beneficial, Mar.	50
Safety hats, gloves, shoes, goggles supplied to miners, Oct.	62
Salt for suppression of coal dust explosions, Oct.	62
Supports in use below ground June 30, 1937, Mar.	50
Swelling characteristics of coal, July.	59
Unusual excavator, Sept.	*52
Japan	
Sulphur in briquets, Sept.	52
Scotland	
Holisting in skips of 10½ ton capacity, Mar.	50
U. S. S. R.	
Coal resources, July.	58
Kusbass coal mining, Jan.	*48

Preparation

A.S.T.M. studies dustiness and ignitibility, Apr.....	102
Bituminous preparation marked by sustained progress, Feb.....	*60
Brilliant preparation plant features storage conveyors and traveling coal crusher, Sorenson & Given, Sept.....	*45

Broken Arrow preparation plant combines mechanical and hand loading. I. A. Given, Sept.	39	Bituminous Coal Division continues work of setting minimum prices, Aug.	72	15th Bituminous District of Pennsylvania discusses, Dec.	148
Carbon Fuel averages 10 tons cleaned coal per man shift. J. H. Edwards, Apr.	51	Coal Commission abolished in President's reorganization plan. Paul Wootton, June	96	Fires in mines from bootleggers, Feb.	96
Carbon Fuel serves chemical company by river dock and storage plant. J. H. Edwards, Sept.	36	Confusion in the regulation of the bituminous industry (e), June, on 15th Bituminous District of Pennsylvania debates, Dec.	28	Goggle sterilization, Jan.	56
Cleaning and sizing Fairmont coals, Dec.	84	Guffey-Vinson Act revision sought by 35 operators, Mar.	63	Hoist control attachment gives caging signal, Feb.	82
Cleats used to improve screening, Apr.	84	Guffey-Vinson Act upheld in court actions, Mar.	64	Holmes awards bestowed, June	98
Coal spray hood installed on loading conveyor, Oct.	66	Major problems of the year selected by coal-mine presidents, Feb.	29	Lighting in mines is improving, but more work is necessary. C. E. Egeler, Feb.	69
Consumer demand for dustproof coal increasing, Oct.	44	Minimum prices delayed by prolonged hearings, Sept.	63	Locomotives in Dora mine use safety motor suspension, Oct.	65
Crusher built in bin outlet breaks coal to size, Nov.	65	Montana counties which are declared bituminous, Feb.	88	Mechanized mines have lower accident rates, (e) Aug.	28
Degradation kept out of lump by screen side plates, Dec.	122	National Bituminous Coal Commission continues work necessary for setting minimum prices, May.	65	Mining economies as viewed by a hard-coal mine foreman. K. A. Charlesworth, July	39
Exposition of mining equipment at Cincinnati, June	59-74	National Bituminous Coal Commission hearing on exemption, Oct.	76	Night blindness and vitamin A deficiency in relation to safety and efficiency. Dr. J. F. Neumuller, Apr.	84
Face preparation for mechanization in the Fairmont field, Dec.	68	National Bituminous Coal Commission submits proposed prices subject to final hearing, July	82	Nova Scotia accident examined for future safety, Aug.	60
Fine points in preparation discussed at American Mining Congress, June	57	Pennsylvania Senate defeats anthracite quota bill, July	70	Oil and gas should be kept from coal seams—Indiana Coal Inst. meeting, Jan.	76
Flat picker, July	61	Pennsylvania House passes anthracite quota bill, June	85	Prevention necessary, (e) May	27
Glen Alden Coal to prepare 7,000 tons daily with Huber central breaker. R. D. Hall, Apr.	68	Producer demand for fundamental changes in Guffey law, (e) Mar.	26	Reflector buttons show switch position, Feb.	84
Heating and cooling characterize Flatt drying plant. I. A. Given, Oct.	49	Regulation, See Also Bituminous Coal Division, National Bituminous Coal Commission		Reflector signals safeguard underground haulage. K. N. Banthin, Sept.	43
Lighting in mines is improving, but more work is necessary, C. E. Egeler, Feb.	69	Research		Rock-dusting discussed at Indiana Coal Inst. meeting, Jan.	74
Lindbergh mine has jib and table washers to prepare conveyor-mined product. Mash & Edwards, Nov.	42	Air-filter fellowship established in Mellon Institute, Jan.	78	Rock-dusting reduces accident hazards and increases visibility, Jan.	32
Lip added to chute magnet makes operation surer, Dec.	124	Carnegie Institute of Technology carries on coal research at the Laboratory. H. H. Lowry, Aug.	35	Safety discussed at American Mining Congress, June	58
Lump lowering conveyor mounted on wheels, July	68	Coal research in progress or completed in 1938 or planned for 1939, Feb.	77	Safety trends in coal mining in 1938. D. Harrington, Feb.	72
New anthracite preparation facilities in 1938, Feb.	42	Coal research work at Battelle Memorial Institute. R. A. Sherman, June	35	Slanting peepholes in mine doors eliminate reflections, Dec.	118
New bituminous preparation facilities in 1938, Feb.	62	Illinois bill asks \$300,000 for coal processing, May 72, July	92	Spring forg for safety, Oct.	66
New preparation facilities, Jan. 82, Mar. 81, Apr. 89, May 81, June 86, July 69, Aug. 59, Sept. 72, Oct. 78, Nov. 74, Dec.	147	Illinois bill signed for developing smokeless coal, Aug.	78	Steps for loading platform, May	64
Powellton coal is stocked by conveyor and stacker, July	66	Illinois research fund cut, Sept.	66	J. A. Templeton trophy awarded to Clinton Coal, Jan.	76
Prescription coal plant prepares "Utah-King" coal for market, June	39	No industry can afford to forget tomorrow, (e) Jan.	26	Test the tester, (e) Feb.	28
Shawmut Mining erects new tippie and screen house with conveyors at Brandycamp, Pa., Oct.	56	Ohio research laboratory for coal planned, July	92	Timber and clay employed in Ruhr mines stoppings, July	68
Sink-and-float process granted patent, May	72	Pennsylvania coal researches need federal aid, July	69	Tippie dust at mine portal arrested by water sprays, Jan.	55
Stocking and reclaiming at Dehue mine done by portable conveyors, June	46	Pure research, (e) Mar.	25	Transforming safety from aspiration to accomplishment is theme of Mine Inspectors' Institute, July	76
Tippie and screen house erected by Shawmut Mining at Brandycamp, Pa., Oct.	56	Utah State Conservation and Research Foundation asks processing plant fund, Feb.	87	Trips on slope controlled by men in mine cars, Sept.	58
Trump-iron magnets set under chutes, Dec.	122	West Virginia University fellowships continued, Nov.	96	When things go wrong, (e) Nov.	38
Treating dusty coal discussed at A.I.M.E. meeting, Mar.	72	Rocky Mountain Coal Mining Institute		Sales agencies	
Trevorton plant prepares low-ash steam-size anthracite. R. D. Hall, June	48	Election of officers, Aug.	68	Cabin Creek Consolidated Sales wins advertising award, Nov.	78
U. S. Fuel's modernization program replaces two plants with one. I. A. Given, May	29	Report of Salt Lake City meeting, Aug.	66	Fairmont Coals, Inc. receives provisional approval, Feb.	90
Vibrating-screen plant makes five sizes at low cost. Scholz & Edwards, May	47	Roof Control		Southern Illinois Coals, Inc. elects officers, Feb.	90
Washer feed broken up by baffles in chute, Feb.	84	A.I.M.E. discussed roof control, Mar.	74	Southern Illinois Coals, Inc. receives provisional approval, Jan.	78
West Virginia Mining Inst. discusses preparation, Dec.	138	Betterment dangers, (e) Mar.	26	Western Pennsylvania Coal Corporation receives provisional approval, Feb.	90
Westville No. 24 preparation plant, I. A. Given (chart), July	44	Comments on timbering system in a mine. John Buggey, Mar.	78	Shafts	
Public Relations		Failure of roof strata over advanced entries. P. B. Bucky, Aug.	81	Automatic elevator for handling men discussed at Indiana Institute, July	72
Coal industry's public opinion survey. Dickson Hartwell, July	33	Falls of roof and face discussed at Illinois Mining Institute, July	84	Hazleton's output is quadrupled by new shaft bottom. R. D. Hall, Nov.	54

MINE AND COMPANY INDEX

A		Berwind-White Coal Mining Company		Brown, M. B., mine	
Alabama Ry-Products Corporation		Modern electrical repair shop serves four large mines, Mar.....	*41	Averages 8½ tons per man with mobile loaders in thin coal, Apr.....	*61
Timber life prolonged by treatment, J. H. Edwards, Oct.....	*53	Bicknell Coal Co.		Buckeye Coal Co.	
Alamo Mine prepared to reopen, Oct.....	90	Hanging crossbar to support roof of heading, July	*68	Steel roof supports cut timbering costs, A. W. Hesse, May.....	*84
Alden Coal Co.		Big Jim Coal Co.		C	
Operations resumed, Nov.....	93	Miners vote against United Mine Workers, Sept.	80	Cambria Fuel Co.	
Alston Coal Co.		Bledsoe, Walter & Co.		Tool facilitates joining chains, Feb.....	*84
National Labor Board rejects petition of Progressive Workers, Sept.....	64	Wireman's tool car fitted with motor, Feb.	*82	Carbon Fuel Co.	
Alta Coal Co.		Blue Bell Coal Mines, Ltd.		New conveyor mine averages 10 tons per man-shift, J. H. Edwards, Apr.....	*51
Water-float method reduces borehole costs, H. J. Thomas, Sept.....	*41	Stripping cost halved at mine by tractors and scrapers, Apr.....	*75	Storage plant and river dock serves coal to chemical company, J. H. Edwards, Sept.	*36
Anchor Coal Co.		Boone County Coal Corporation		Vibrating screen plant makes five sizes at low cost, Scholz & Edwards, May.....	*47
Weight on rotary dump smooths operation, Sept.	*55	Safety cable nip, June.....	*79	Carolina Fuel & Transportation Corporation	
Anchor mine to reopen, Oct.....	74	Brewerton Co.		Old North Carolina mine to reopen, Feb.	96
Anthracite Coal Co.		Receiver appointed for Jefferson mine, Apr.	105	Carrs Fork Coal Co.	
Flat picker, July.....	*61	Brilliant Coal Co.		Split gears from locomotives used in making room hoists, July.....	*66
Atlas Coal Corporation		Timber life prolonged by treatment, J. H. Edwards, Oct.....	*53	Central Elkhorn Coal Co.	
350 ton daily output with 2 conveyors, May	*41	Brookside-Pratt Mining Co.		Cleats used to improve screening, Apr.....	*84
Avondale Coal Co.		Lindbergh mine has jig and table washers to prepare conveyor mined product, Mash & Edwards, Nov.....	*42	Correcting the item about retarder, Jan.	55
Takes over Geo. F. Lee Coal Co., Nov.	95	Turbine pump reduces water cost, Sept.	*61	Curves instead of turns cut mining costs, May	*64
B					
Belleville Valley Mine					
Steel tubing used for slope opening, May	*60				

- How to reduce ventilating cost, July... *61
Rooms on short centers plan has cash value, Apr. *81
Selecting the right machine saves operating dollars, Mar. 53
Trestle of pine built for permanence, May *59
Wider headings can mean dollars earned, Aug. 53
Chafin-Jones-Heatherman Coal Co.
New mine nearly ready, Dec. 160
Charter Coal Co.
Reorganization plan approved, Nov. 92
Christopher Mining Co.
Board shows men on each loading unit, Dec. *124
Pressure switch cuts mine power when fan pressure drops, Dec. *117
Clearfield Bituminous Coal Corporation
Tire welding saves, Jan. *54
Clinton Coal Co.
J. A. Templeton safety trophy award, Jan. 76
Cochran Coal Co.
Laying wooden pipe lines aided by link and bar, Jan. *56
Pipe strainer designed for better de-watering, May *59
Ventilation aided by providing for solid pillars between intakes and returns, Anthony Shadkowsky, Oct. *59
Colorado Fuel & Iron Corporation
First-aid teams in close race, Oct. 88
Consolidation Coal Co.
First aid honors at Central West Virginia Coal Mining Institute meet, Sept. *68
Consolidated Coal Co.
Flame cutting of switches cuts cost in half, Oct. *70
Special bumper on loader aids handling in shaft, Nov. *72
Continental Coal Co.
Loading machine improvements facilitate operation, Dec. *124
Remotely controlled indicator shows trip position on slope, Dec. *120
Tramp-iron magnets set under chutes, Dec. *122
Corley Co.
Strike is short-lived, Jan. 58
Cox Coal Co., Clyde B.
Small stripping operation started, Nov. 96
Crow's Nest Pass Coal Co.
Preparation plant serves three mines, Oct. 74
- D**
Dawson Collieries, Inc.
Degradation kept out of lump by screen side plates, Dec. *122
Lip added to chute magnet makes operation surer, Dec. *124
Slanting peep holes in mine doors eliminate reflections, Dec. *118
Steel frames used at mine portals, Dec. *126
Strain take-ups on fused trolley taps, Dec. *126
Trip retarder made from used parts, Aug. *53
Delano Anthracite Co.
Park No. 1 colliery opened, Nov. 93
Dominion Coal Co., Ltd.
Nova Scotia undersea coal made more accessible, R. D. Hall, Oct. *46
- E**
East Bear Ridge Colliery
Backfilling in pitching beds, May. 72
Eastern Coal Corporation
Airplane used by representative, May. *72
Electric Shovel Coal Corporation
Consolidation with Patoka Coal Co. approved, July 89
Spare hoist rope cuts replacement time, Feb. *84
Enos Coal Mining Co.
Trailer loads dumped numbered by counter, Feb. *81
Fairmont & Baltimore Coal & Coke Co.
New tippie at Willard mines, Sept. 78
Fickes, J. W. & Son
Equipment purchases bring Ohio truck mine to the front, July. *55
Fort Hartford Coal Company
Diesel-generated low cost power, Mar. *43
Nuts used for terminals on arc-weld bond, Mar. *56
- G**
Gaulay Mountain Coal Co.
Shovel crane and floor anchors straighten a car, June *80
Gillie Coal Co.
Hydraulic brake principle provides remote control, Sept. *58
Glen Alden
First aerial disposal plant at Huber breaker, R. D. Hall, Aug. *32
Huber central breaker geared for 7,000 ton output, R. D. Hall, Apr. *68
Huber power plant sets new steam raising standards, R. D. Hall, May. *37
Glen White Coal & Lumber Co.
New company formed, Oct. 84
Golden Cycle Corporation
Purchases coal lands in Colorado, May 65
- H**
Hanna Coal Co.
Opening new mine, Nov. 82
Story of "ghost" village told by magazine, Feb. *94
Harwick Coal & Coke Co.
Opposing forces harnessed to cut haulage hazard, Oct. *65
Hecla Coal & Coke Co.
Crystal mine to reopen, Nov. 96
Hickory Grove Coal Mining Corporation
Connectors kept off ground by cable splicing rack, Nov. *68
Limit switch stops conveyor when crusher chokes, Sept. *55
Portable power bank mounted on sled, Aug. *56
Hillman, J. H. & Son
Absorbs Rainey, Inc., Oct. 94
Hillman Coal & Coke Co.
Patterson mine leased, Mar. 82
Rainey Mines to be operated, Feb. 100
Hillside Coal Co.
Truck mine strips to 50 ft. with tractor scrapers, Oct. *41
Hudson Coal Co.
Moves office, Mar. 70
Service records of the older employees, Jan. 36
Hume-Sinclair Coal Mining Co.
80 ton semi-trailer employed at strip mines, I. A. Given, Aug. *39
Hutchinson Coal Co.
Air duct from fan discharge cools overloaded motor, Feb. *82
Water sprays in mine portal arrest tippie dust, Jan. *55
Welding acetylene used for soldering, Jan. *56
- I**
Inland Steel Co.
Coupling pin is permanent on welded steel bumper, June. *82
Maintaining track alignment, May. *60
Inland Waterways Corporation
Equipment to be increased, Feb. 106
Isaban Coal Co.
Bids in property, Oct. 93
- J**
Jamison Coal & Coke Co.
Fireproof oil house eases barrel handling, Dec. *120
Fused trolley taps with non-pull-out connections, Dec. *122
Special lighting in supply room, Dec. *118
Jeddo-Highland Coal Co.
Steam and electric plant cuts operating costs at Highland No. 5, Jan. *46
Jewell Ridge Coal Corporation
"Hallway" saves \$135,000, July. 92
Jones Collieries, Inc.
Powder boxes made of concrete, Dec. *122
- K**
Kanawha & Hocking Coal & Coke Co.
Fire razes river tippie, Mar. 80
Kehoe-Berge Coal Co.
Anthracite mines resume operations, Oct. 94
Broadwell colliery to resume operations, Sept. 79
Kemmerer Coal Co.
Chutes, conveyors and cars move coal at Brilliant mine, I. A. Given, July *51
Preparation plant features storage conveyors and traveling coal crusher, Sorenson & Given, Sept. *45
Kentucky Boone Coal Co.
Fire destroys tippie, Feb. 96
Keystone Coal Co.
Converting shortwall machine from chain to rope feed, Nov. *66
Kingston Pocahontas Coal Co.
Agreement with United Mine Workers, Sept. 78
Knox Consolidated Coal Co.
Cutting machine operation aided by headlight, Mar. *58
Holder takes ten picks and can be locked, Mar. *58
Short rail used in turnouts to speed loader moving, June. *84
Koppers Coal Co.
Cable splices vulcanized, Dec. *117
Dealers complete sales training course, June 114
Insulation resistance checked to prevent failures, Dec. *117
Isolating switches included in feeder breaker mountings, Dec. *120
Kopperston mine now in operation (Picture feature), Mar. *29
Kopperston mine planned for two seam development, Follansbee & Harper, Apr. *71
Load-limiting system returned cost in first month, June. *75
Non-explosive solution used in removing grease, Mar. *54
Powellton coal is stocked by conveyor and stacker, July. *66
Stoker coal research planned, Nov. 94
Stretcher board facilitates first-aid, Dec. *126
Substation construction for Powellton No. 3 mine, Aug. *54
- L**
Lee Coal Co., Geo. F., taken over by Avondale Coal, Nov. 95
Lehigh Navigation Coal Co.
Cable hook for safety, June. *82
Nesquehoning colliery leased, Mar. 63
Older employees in the company, Jan. *36
Hazleton's output is quadrupled by new shaft bottom, R. D. Hall, Nov. *54
Liberty Fuel
Mechanization speeds recovery and promotes safety, R. D. Hall, Jan. *43
Lillybrook Coal Co.
Dr. J. H. McCulloch buys J. A. Hunt's interest, Mar. 66
Tire welding, Apr. *81
Logan-Chilton Coal
Conveyors meet changed mining conditions at Rita mine, J. H. Edwards, Jan. *27
Logan County Coal Corporation
Rubber tired supply wagons used with conveyors, Nov. *65
- M**
Maitland mine to be reopened, Nov. 93
Maryland Mining Co.
To start production, Nov. 93
McLaren Coal Co.
Carterville, Ill. mine combines strip and deep mining, Mar. *32
Mead, C. H. Coal Co.
Cable in 844 foot borehole is suspended by copper, July *62
Testing and pre-grouting at airshaft contributed to speed in sinking, William Yates, July *49
Midland Electric Coal Corporation
Maintenance of trail cables facilitated by sled, June *80
Midwest Smokeless Fuel Corporation
Modern preparation plant, Oct. *76
Moffat Coal Co.
Tippie destroyed, Nov. 96
Monarch Anthracite Mining Co.
Packer colliery to be opened with miners' money, July 74
Placed in receivership, Oct. 94
Monongahela Rail & River Coal Corporation
Mine tool boxes made from old tippie chutes, Dec. *124
Tank car handles oil, Dec. *123
Morrison Coal Co.
Glen Morrison mine reopens, Mar. 82
- N**
National Fuel Co.
Moves its headquarters, June. 100
New Eagle mine in production, Oct. 93
New mine to be opened, Feb. 104
Nellis Coal Corporation
American Rolling Mill absorbs company, Jan. 74
New River Co.
Price Hill Colliery Co. properties purchased, May 80
New York, Ontario & Western Ry.
Mine mechanization under consideration, Mar. 80
Northwestern Mining & Exchange Co.
Safety rally, June. 85
Six-cylinder engine used in auxiliary fan drive, Mar. *53
Norton Coal Corporation
Fast car changing and black powder in steel shells feature mechanical mining, June *29
- O**
Ohio Block Coal Co.
Switch thrown from locomotive by use of special tripper, Nov. *72
Olyphant Colliery
Trips on slope controlled by men in mine cars, Sept. 58
- P**
Peabody Coal Co.
Cleaning efficiency and flexibility feature Westville, I. A. Given, July. *44
Peerless Coal & Iron Co.
Boone County coal property to be developed, June 96
Penn Anthracite Collieries Co.
Leggitts Creek Mine rock bed is extracted from under Seranton, May. 68
Pennsylvania Coal & Coke Corporation
Burned tippie to be replaced, Mar. 82
Perry Coal Co.
St. Ellen mine power house damaged by fire, Apr. 100
Philadelphia & Reading Coal & Iron Co.
Cass Township colliery leased, Oct. 90
Judge Kirkpatrick to reorganize company, Nov. 96
Sale of coal land killed, Feb. 87
Service records for older employees, Jan. 36
Shortwall method of backfilling, May. 70
Pittsburgh Coal Carbonization Company
"Disco" plant converts sludge into smokeless fuel, Leshner & Zimmerman, Mar. *45
Pittsburgh Coal Co.
Establishes mining engineering scholarships at Pennsylvania State College, Sept. 63
Improvements made in plants, Oct. 86
One-man tester for bond testing, June. *80
Pleasant Valley Mining Co.
20-year truck mine, J. H. Edwards, May *52
Pocahontas Fuel
Angle mine again in action, Dec. 147
Price Hill Colliery Co.
New River Co. buys property, July. 93
New River Co. purchases properties, May 80
Primrose Coal Co.
Leases P. & R. mine, Oct. 90
- R**
R. C. Tway Coal Co.
Fire damages plants, Dec. 161
Rail & River Coal Co.
Big Run mine resumes operations, Nov. 94
Reid Coal
Dump rails raised by strips to prevent car derailments, May 59
Republic Steel Corporation
New stripping operations, Feb. 106
Rosedale Coal Co.
Shimming hydraulic pumps cuts cost, Dec. *122

Trolley-fed nip installed in shop, Dec..	*123
Ruckman Coal Co. Blast in Duvin mine kills 28, Aug.....	73
S	
Sahara Coal Co. Illinois slope driven with loader-conveyor set-up. C. H. Lambur, Jr., Sept.....	*31
Scandia Coal Co. Labor trouble ended, Dec.....	161
Seneca Coal & Coke Co. Oklahoma pit combines mechanical and hand loading. I. A. Given, Sept.....	*39
Truck to move shovel cable, Sept.....	*55
Shawmut Mining Co. Coal spray hood installed on loading conveyor, Oct.....	*66
Crusher built in bin outlet breaks coal to size, Nov.....	*65
Tipple being rebuilt, Apr.....	89
Tipple and screen house at Brandy-camp, Pa., Oct.....	*56
Sherwood-Templeton Coal Co. Washer feed broken up by baffles in chute, Feb.....	*84
Snow Hill Coal Corporation Underground storage bin cuts costs at Fayette mine, Aug.....	*44
Southern Coal, Coke & Mining Co. New Baden mine to be abandoned, Apr. Trustee appointed, Mar.....	88
Spencer colliery reopened, Mar.....	82
Standard Coal Co. Bit basket dumped as it is lowered, Jan. Hoist-control attachment gives caging signal, Feb.....	*54
Reorganized, Dec.....	159
Switch throw makes idler at mine, Mar.	*58
Standard Oil Co. of Indiana celebrates 50th anniversary, Oct.....	73

Stearns Coal & Lumber Co. First aid contest honors received, Oct...	90
National Labor Board moves to enforce Wagner Act, June.....	98
Stevens Coal Co. Trevorton plant prepares low-ash steam-size anthracite. R. D. Hall, June...	*48
Sullivan Trail Coal Co. Conveyorization meets puzzling conditions. R. D. Hall, Oct.....	*37
Sunshine Anthracite Coal Company Arkansas thin-vein mine uses conveyors. I. A. Given, Mar.....	*35
T	
Tecumseh Coal Co. New mine being opened up, Nov.....	97
Truax-Traer Coal Co. Heating and cooling characterize Flatt drying plant. I. A. Given, Oct.....	*49
Selling subsidiary wins advertising award, Nov.....	*78
U	
Union Colliery Co. Kathleen supply system permits close daily check. Cook & Given, Apr.....	*45
Union Pacific Coal Co. Mechanical-loading maintenance cost analyzed. C. A. Nolph, Nov.....	39
Mine "B" safety trophy, Oct.....	74
United Electric Coal Co. Illinois River barge-loading terminal handles Buckheart Coal, May.....	*39
United States Fuel Co. Lump lowering conveyor mounted on wheels, July.....	*68
Modernization program replaces two plants with one. I. A. Given, May...	*29
Prescription coal plant, June.....	*39
Utah Fuel Co. New preparation plant planned, Aug....	59

V	
Viriden Coal Co. Workers become mine owners, Apr. ...	105
Virginia Iron, Coal & Coke Co. Compromise rail joint, June.....	*79

W	
West Kentucky Coal Co. National Labor Relations Board asks court to enforce edict, July.....	70
Weston Dodson & Co. Packer collieries to be reopened, Nov...	93
Wisconsin Steel Co. Progressives win in collective bargaining election, Oct.....	92
Woodward Iron Co. Conveyors drive six headings abreast at Dolomite mine, July.....	35
Motorman's job made safer by using spring frogs, Oct.....	*66
Pillar extraction improved at Mulga by changed layout. J. H. Edwards, Aug.	*42
Signs agreement with United Mine Workers, July.....	91
Timber life prolonged by treatment. J. H. Edwards, Oct.....	*53

Y	
Youghiogheny & Ohio Coal Co. Wallace Station mine to have new power line, Apr.....	100
Youngstown Mines Corporation Steel roof supports cut timbering costs. A. W. Hesse, May.....	*54
Stocking and reclaiming done by portable conveyors, June.....	*46
